

# AUTOMOTIVE ACCESSORY FITTING

National automotive  
accessory fitting  
training, delivered  
in your workshop  
by experts

## AUR22021 Certificate II in Automotive Accessory Fitting

MTA Queensland, in partnership with the 4WD Industry Council - an initiative of the AAAA - is offering AAAA members access to a nationally recognised qualification in Automotive Accessory Fitting, delivered through MTA Institute (RTO 31529).

Get hands-on skills to install and fit automotive accessories – from bull bars and lighting to roof racks, audio systems, and more. Delivered in your workshop by expert trainers who know the trade.

### Why train with MTA Institute?

- ✓ Training for industry, by industry
- ✓ Flexible, quality training that works around your job
- ✓ Delivered across Queensland – metro and regional

**Nominal Duration:** 12 months full-time

**Delivery:** Workplace-based, with practical assessments and trainer support

**Training:** Written, oral, and hands-on demonstrations
